

GreenUpSM

You are a National Grid or Massachusetts Electric Customer.

You can participate in National Grid's GreenUpSM, a program that enables you to support the development of renewable energy through your electric bill. For an added cost of approximately \$5 to \$12 per month, you can support the development of new renewable energy resources. In addition, when you sign up, you help earn [matching grants for your city or town](#) and matching funds for [low-income renewable energy projects](#). You may also qualify for a federal tax deduction.

Cost Information Chart

Supplier	Product	Price ¹	Approx. cost per month ²	Approx. community match earned	Approx. low income match earned
Mass Energy Consumers Alliance 1-800-287-3950	New England GreenStart SM 100%	2.4 ¢/kWh	\$12.00	\$7.00	\$7.00
	New England GreenStart SM 50%	1.25 ¢/kWh	\$6.25	\$4.00	\$4.00
Community Energy 1-866-WIND-123	New Wind Energy [®] 100%	2.40 ¢/kWh	\$10.00	\$6.00	\$6.00
	New Wind Energy [®] 50%	1.20 ¢/kWh	\$5.00	\$3.00	\$3.00
Sterling Planet 1-877-457-2306	MA Clean Choice	\$7.50/ mo for 150 kWh	\$7.50	\$6.00	\$6.00

1 Price is in addition to your current monthly electricity bill.

2 Assumes an average of 500 kWh of electricity is consumed monthly.

Energy Information Chart

Supplier	Product	% New Sources ¹	Sources of Energy
Mass Energy Consumers Alliance 1-800-287-3950	New England GreenStart SM 100%	25%	Hydro 75% Biomass/Solar/Wind 25%
	New England GreenStart SM 50%	30%	Hydro 70% Biomass/Solar/Wind 30%
Community Energy 1-866-WIND-123	New Wind Energy [®] 100%	30%	Hydro 70% Wind 30%
	New Wind Energy [®] 50%		
Sterling Planet 1-877-457-2306	MA Clean Choice	67%	Wind 33.3% Hydro 33.3% Landfill Gas 33.3%

1 Buying the environmental attributes of energy from new (built since 1997) renewable energy facilities is most likely to help spur clean energy development. A higher percentage of new sources also earns more matching dollars for communities and low-income programs.
